

Choir Report 2018/19

The choir continues to sing most Sunday mornings, usually leading the congregational singing, with the music group periodically taking that role. As usual we were delighted to have members of the congregation join us for the Christmas carol service, and we continue to be invited to join St Mary Magdalene's choir for special services, which included this year singing in Rochester Cathedral!

We would like to thank Belinda Sharp, who decided recently to retire, for her many years of service in the choir; to Philip Shrimpton for his hard work in selecting anthems and leading choir practice every Friday; and to David Holliday, for filling in when Philip is away. The choir are always keen to welcome new members - so please do talk to any of us if you would be interested.
