

## **School Governors' Report 2018/19**

An important year for the school as the new hall opened and has been very well used and more recently a one day OFSTED inspection confirmed that we are a 'good school'. The school web site and newsletters have more details of the inspection. Both are always a good read and a source of much information and joy.

The leadership team have guided the staff through a successful year academically and the breakfast club and after school clubs flourish.

The strong link between church and school is maintained and enhanced through Steve and Jo. Headteacher Cath Mann attended a PCC meeting and runs excellent assemblies with colleagues. Steve takes the Tuesday one.

It is lovely to see current and future parents, a former teacher and former pupils at the school with their young families at Sunday worship at 8.00am 10am or Messy church.
