

Youth Work Report 2018/19

Sunday Club

Most young people long for friendships with other young people and benefit from belonging to a group they can call theirs and develop together in Christ and learn biblical teachings and theology. Our Sunday youth group provides an opportunity for our young people to build friendships with one another and to discuss issues from a biblical perspective.

Youth Church

C:SAY is a Youth Church in a cafe church style. We focus on relationship aspects of Christian fellowship and outreach to our local community and use the side Chapel.

Youth Haven

The Haven is a safe space to improve the mental health of young people in Enfield, by providing a calm place to recharge, rest and reconnect.

Young people need opportunities outside education and the home to have a safe chill time with their peers, to be mentally healthy and creative, to be able to make a positive change in their communities and to shape the kind of town and city they want for the future.
